

Lecture Information / Vorlesungsinformationen

This sheet contains information on whether certain lectures are held online or in presence. Please read the information on the lecture that is relevant for you carefully. We will only answer questions about issues that are not contained in this document.

Dieses Dokument enthält Informationen, ob bestimmte Vorlesungen online oder in Präsenz abgehalten werden. Bitte lesen Sie die Informationen für die für Sie relevante Vorlesung aufmerksam. Der Lehrstuhl beantwortet nur Rückfragen, wenn diese noch nicht in diesem Dokument behandelt wurden.

1. Unternehmen, Märkte, Volkswirtschaften (Bachelor: erstes Semester)

Der makroökonomische Teil findet in Präsenz im Hörsaal H4 statt. Die erste Vorlesung findet am 16. November 2021 (Dienstag) statt, die letzte Vorlesung am 7. Dezember 2021 (Mittwoch). Details entnehmen Sie bitte dem [Univis-Eintrag](#).

Eine Vorlesungsaufzeichnung wird es nicht geben, da das Lecture-on-Demand-Team nicht mehr existiert. Sie können aber voraussichtlich die leicht veralteten Aufzeichnungen der Vorjahre auf [Studon](#) online ansehen.

2. International Economics (bachelor: third semester)

As this course is mandatory for International Business Studies and International Economic Studies (and as the lecture room is not available for the first two weeks in November), the first part (International Macroeconomics) will take place as Zoom lecture. The first lecture will take place on 21 October 2021. Login information will be distributed via [Studon](#). The lecture contents will be recorded and can be watched via Studon.

The second part (International Trade) will be provided in digital form, i.e., all lecture slides will be extended by an audio track (starting from 9 December 2021). Furthermore, a Q&A session will take place either in presence or via Zoom on 3 February 2022.

3. Macroeconomics: Business Cycles (Master)

Updated information: The first lecture will take place in presence in lecture room LG 3.152/3 on 20 October 2021. To make sure that everyone can follow the organizational details, there will be a stream during the first lecture. See [Studon](#) for the Zoom details.

On 27 October, you will have the opportunity to participate in the NUEDIALOG for free (with many WiSo-Professors, managers, and an European Commissioner). See [Studon](#) for the registration link.

International students who are unable to come to Nürnberg can watch the videos from last year. New contents (e.g. on the macroeconomic implications of Covid-19) will be held via Zoom and recorded such that everyone can get access.

4. International Finance (Master)

The first three sessions will take place via Zoom (starting date: 21 October 2021). This is motivated by several issues:

- This ensures that everyone obtains the relevant organizational information.
- Some international students informed me that they will be arriving late due to visa issues.
- The lecture room is not available (due to renovation works) at the beginning of November.

After the first weeks, I will try to have presence lectures in lecture hall H2. More details will be announced in due time via [Studon](#). Those who are unable to attend can watch the videos from last year, which are very similar. Voluntary project presentation will take place via Zoom.

5. Banking Supervision (Master, external lecturer)

The entire lecture will take place via Zoom (external lecturer & international students). See [Studon](#) for details.
